

Envirolab, a member of RSK Group plc, is an analytical laboratory with an outstanding track record for delivering analysis competitively and on time. The company provides environmental analytical services predominately of soil and groundwater samples. Because of recent expansion, the Cheshire lab is now looking to recruit an experienced Analytical Chemist to work in a UKAS and ISO 9001 standard accredited lab.

Organic Analyst – Hyde, Cheshire

Key responsibilities:

- Carry out technical work in accordance with Envirolab procedures
- Ensure all work completed is according to UKAS and Envirolab QMS requirements.
- Calibration of all laboratory equipment.
- Carry out and document regular instrument maintenance.
- Process, calculate and check analytical results
- Assist in sample preparation for various analysis.
- Maintain a high standard of housekeeping.

Experience

The ideal candidate will be an experienced GCFID, Headspace and/or MSD user, including troubleshooting and maintenance. Agilent Chemstation experience would be an advantage.

The successful candidate may also need to assist in method development and Validation so any relevant experience would be an advantage.

Assistance in other parts of the laboratory may also be required.

Desired Experience:

- Minimum 1 year analytical laboratory experience
- Organised and methodical approach
- Able to work in a busy environment
- Ability to work to tight deadlines
- Strong team player

Salary and benefits

- This is a full time post with a salary commensurate with experience
- Contributory Pension Scheme
- A flexible benefits programme including the option to buy additional holidays, childcare vouchers and private health care
- Regular training and development.

All candidates applying for positions with RSK Group must be eligible to work in the UK/European Economic Area. For more information, please call Lauren Reynolds, HR Advisor on 0117 300 4280 or email lreynolds@rsk.co.uk.
